HIPAA Compliance Patient Consent Form

Our Notice of Privacy Practices provides information about how we may use or disclose protected health information.

The notice contains a patient's rights section describing your rights under the law. You ascertain that by your signature that you have reviewed our notice before signing this consent.

The terms of the notice may change, if so, you will be notified at your next visit to update your signature/date.

You have the right to restrict how your protected health information is used and disclosed for treatment, payment, or healthcare operations. We are not required to agree with this restriction, but if we do, we shall honor this agreement. The HIPAA (Health Insurance Portability and Accountability Act of 1996) law allows for the use of information for treatment, payment, or healthcare operations.

By signing this form, you consent to our use and disclosure of your protected healthcare information. You have the right to revoke this consent in writing, signed by you. However, such a revocation will not be retroactive.

By signing this form, I understand that:

• P	rotected health informatior	may be disclosed or	used for treatment,	, payment, or healthcai	re operations.
-----	-----------------------------	---------------------	---------------------	-------------------------	----------------

- The practice reserves the right to change the privacy policy as allowed by law.
- The practice has the right to email any major operation changes, including but not limited to, location and provider updates.
- The patient has the right to revoke this consent in writing at any time and all full disclosures will then cease.

May we phone, email, or send a text to you to confirm appointments? YES	NO			
May we leave a detailed message on your contact number with personal health infor	rmation?	YES	NO	
Are we allowed to discuss your medical information with anyone other than you?	YES	NO		
If YES, please name the person(s) we are allowed to share information with:				
This consent was signed by (printed legal name):				
Signature:	Date:			

Patient Financial Policy

You are responsible for having your current insurance card and co-payment at every visit.

Copayments will be required upon check in. Failure to provide copayment may result in a canceled appointment. If we must bill you for a copayment for any reason, a \$10.00 processing fee will be added.

Due to increasing Medicare requirements and restrictions, our clinic can no longer accept new patients with Medicare as their primary or secondary insurance. If you begin care with our clinic after August 1, 2018, and later transition to Medicare as either your primary or secondary insurance, we will be unable to continue your care due to Medicare policies. Please be aware that Medicare may no longer pay for routine labs. It is the patient's responsibility to confirm this prior to completing any outside lab test(s).

The patient's insurance company will be billed if the correct information is given, and insurance payments are current. If insurance is not valid at the time medical services are provided, the patient is responsible for cash payments. The patient will authorize payment from their insurance company directly to MSFMD. The person responsible for payment agrees that all services not coverage under insurance payment will become their responsibility and payment will be made to MSFMD.

Payments not received within thirty days of invoice will be considered delinquent and you will be contacted by our billing department for payment in full or to make arrangements.

MSFMD will promptly process and bill your medical services through insurance. We expect you to promptly pay your portion of your bill. If we have to send out more than one statement for patients with remaining balances unpaid, we will add a service charge of \$10.00 for every additional statement we send out. To avoid additional fees, please promptly pay our bill by calling our billing department at (360) 734-3378.

Patients that are past due with no response to our billed invoices must contact our billing department to coordinate payments or if your account is past 90 days overdue you will be submitted to a collection agency.

We reserve the right to hold medication requests and patient referrals until payment has been made or a payment arrangement is on file with our billing department.

No shows and cancellations with less than 48 hours' notice will result in an \$80.00 fee. Cancellations called in after 5pm on Friday or during the weekend for Monday appointments will incur a cancellation fee. After three no show appointments, we maintain the right to discharge the patient from the practice.

As a patient of MSFMD we offer an on-call provider for urgent needs of current patients only. Nonurgent matters will be assessed, and a \$40.00 fee may apply.

Cash payments will need to be paid in full for all services provided on the date of service. No exceptions.

NSF checks and returned funds will be charged a \$35.00 fee and balance will be due in full with a payment of cash or credit.

MSFMD reserves the right to change the term/fees without notice.

By signing below, I certify:

The personal information I provided is true and correct.

I have read, understand, and agree with the financial policies and terms outlined above.

I understand that it is a crime to falsify information or withhold necessary information, punishable by law. I have also been given a copy of the Privacy Policy and I understand and accept it.
